- **Non-Stampin' Up!:** ear wires (found at Walmart), household tape
- **Optional:** 147898 Black Foil, 144106 Multipurpose Adhesive Sheets

Instructions:

1. **Create wrap/earring holder:** Use Pick Your Tool (piercing tool) to poke two tiny holes in earring holder piece.
2. Remove jump rings from Spider Trinkets, loop onto ear wires & pinch "close". Thread through holes and secure on back with tape. Use glue dots on bottom backside to adhere to "center section" of the folded DSP wrap (single score line is the bottom). Fold bottom up, top down.
3. **Create belly band:** Add two glue dots on one end of folded Pumpkin Pie strip. Wrap around closed wrap (not too tight). Adhere ends together in the front.
4. Die cut two cauldrons (DSP & Whisper White), adhere together.
5. Stamp greeting on scrap of Highland Heather. Cut with 3/4" Circle Punch. Cut tag hole with 1/8" handheld circle punch. Adhere to cauldron with Stampin' Dimensional (as shown)
6. Wrap twine (14") around belly band (while it's on the wrap) - leave both ends loose on the left. Place two Stampin' Dimensionals in the center of wrap, over twine, then attach cauldron/tag. Thread top twine end through tag hole. Tie ends together in a bow.
7. Belly band should slide off and on for easy access to the earrings.
