Stampin' Dimensionals #104430

Heart Punch Art Instructions:

(large flower is 8-Full Heart punches, small flower is 7 Heart to Heart punches of the "fat" heart)

1. Fold each heart up and in towards its center; from the center of the heart "point" to the center of the right half side of the heart.
2. Adhere each heart to each other by layering the left side of a heart over onto the now folded right side of the next heart, until all eight hearts (7 hearts for smaller flower) are adhered together to form a flower
3. Press entire flower down to flatten.
4. Adhere 1-3/4" Circle (or 3/4" Circle for the smaller flower) to the back side of the flower (to help stay flat)
5. Attach a brad through a 1/2" Circle, through the small flower, then the large flower.
6. Adhere to the card with Stampin' Dimensionals
7. Enjoy!
